

TRIP COORDINATOR SPONSORSHIP

\$25,000 per trip (payable over 5 years)

4 Sponsorships Available*

Surgicorps seeks to underwrite a multi-year Trip Coordinator position for its annual trips to Bhutan, Guatemala, Zambia and Vietnam. The Trip Coordinator is the heart of the “in-country” Surgicorps team and involved in the development and preparation of the team from beginning to end. In addition to helping to recruit and retain staffing of this essential position for a period of 5 years, the sponsorship will facilitate a reliable succession process that meets trip needs and builds critical staffing capacity for the future. This extended commitment includes a first year of accompanied training by the Director of Program and Logistics and a final year in the role of mentor preparing her/his successor.

**A minimum of \$5,000 annually must be guaranteed. A person or persons may join together to sponsor a Trip Coordinator position. Donations to the Trip Coordinator Sponsorship Fund may be restricted for use in a certain country or used for the trip in greatest need of this staffing support. Trip Coordinators are required to make a minimum personal donation of \$500 each year.*
